

COMMUNITY INFORMATION ONLINE

EssexLIFE

LIFE (Local Information For Essex) is a community information database for local clubs, organisations and services based in Essex or on the borders of neighbouring counties. It lists national organisations, generally with a local contact. It also links through to some other useful websites, like the NHS regional pages. You can use EssexLIFE in all Essex libraries. It is also available at www.essexlife.org

Essexonline

This website is a gateway to other sites. It searches through its partnership members' sites to find the information you need. Members include Essex District, Borough and Unitary Councils, Essex Fire Service, Essex Police, EssexLIFE, Essex Strategic Health Authority and others. It also searches some national sites which have regional references.
